

BALAMURUGAN S

PROFESSIONAL SUMMARY

Experienced in leading website design projects for over 3.7 years. Expertise in gathering user requirements, producing code, creating mockups, and enhancing designs. Commitment to deliver clean and robust code with exceptional security. Consistently meet compatibility targets and exceed customer expectations.

WORK HISTORY

Associate Software Engineer, 09/2021 to Current

Torry Harris Business Solution - Bangalore

Web Performance Enhancement

- Enhanced web performance by implementing browser caching, lazy loading, and code splitting using React Query, resulting in a 20% reduction in page load times.

State Management and API Integration

- Streamlined state management in React applications using Redux Toolkit, integrating RESTful APIs for predictable updates and improved maintainability.

Collaboration in Large Teams

- Collaborated with cross-functional teams to develop, test, and deploy high-quality software solutions for clients.

Payment Gateway Integration

- Integrated Stripe and Razor-pay payment gateways to enable secure, seamless transactions, ensuring compliance with industry-standard security protocols.

Version Control and Continuous Integration

- Utilized GitLab for version control, ensuring efficient collaboration, continuous integration, and project management across multiple teams.

Graduate Trainee Engineer, 09/2021 to 12/2021

Torry Harris Business Solution - Bangalore

- Regularly attended industry webinars and conferences, gaining insights that led to a 15% increase in team efficiency.
Applied new technologies, improving project delivery times by 20% through streamlined processes.
-
